What we need and why we need it

We collect, use and store personal information about our staff, pupils and their parents/carers; this information helps us to:

- maintain staff personnel records;
- support our pupils' teaching and learning;
- follow and report on our pupils' progress;
- provide the right care and support for our pupils;
- understand how well our school is doing as a whole;
- maintain Parent/carers contact details;
- maintain pupils' emergency contact details;
- fulfil our duties under the Data Protection and Freedom of Information Acts

The information we collect, use and store includes names and contact details, pupil place and date of birth, assessment marks and results, attendance records, any exclusion information, Special Educational Needs information (if relevant), disability information (if relevant), gender, ethnic group, religion and any relevant medical information.

For a more comprehensive list of the information held by schools, please see the Department for Education (DfE) Common Basic Data Set, here:

Information we receive

If you provide the school with contact details of others, for example, in case of emergency or when you may not be available please ensure they are aware their information has been passed to the school.

We will also receive the above types of personal information, where relevant, from the previous school and may also receive information from the Local Authority (LA) and the DfE.

Who we share it with

Effective and relevant information sharing between parents, schools, LAs and the DfE is necessary to ensure that all children are safe and receiving suitable education.

1. Local Authority and Department for Education

We are required, by law, to pass certain information about our pupils to the LA, and the DfE. Where relevant this may include reporting safeguarding concerns to Social Services at the LA or to request education support services.

The DfE may also share pupil level personal data that we supply to them, with third parties. This will only take place where legislation allows it to do so and it is in compliance with the Data Protection law. Decisions on whether the DfE releases this personal data to third parties are subject to a robust approval process and are based on a detailed assessment of who is requesting the data, the purpose for which it is required, the level and sensitivity of data requested and the arrangements in place to store and handle the data. For more information on how this sharing process works, please visit: <https://www.gov.uk/guidance/national-pupil-database-apply-for-a-data-extract>

For information on which third party organisations (and for which project) the DfE have provided pupil level data to, please visit: <https://www.gov.uk/government/publications/national-pupil-database-requests-received>

2. Using Data Processors

We will ensure that any third parties who process information on the School's behalf will do so under strict written instruction that is binding on the third party, who will also have adequate safeguards in place to protect the information. Records of checks of adequate security and the written instruction will be maintained by the School for reference and regular review.

3. Schools

We will also pass information about Pupils to their next school in order that the Educational record is maintained for a Pupil's entire school life.

How long we keep it

The information we collect, use and store about staff, pupils and their parents/carers is retained either until it is updated/superseded or until the staff member or pupil leaves. If we are the pupil's last known school we will retain the information until the pupil is at least 25 years old; this ties in with the Limitation Act 1980.

Your rights

Data Protection law allows an individual to ask the school for copies of the information we hold about them or their children. If you would like more information about this please contact the School Data Protection Officer. If at any point you believe the information we hold is inaccurate or you have concerns about our use of it please let us know.

Consent

We have to collect consent to process Biometric data. Please note, you have a right to withdraw consent at any time and can contact the school to do this.
